NUMBER 89.

TWO NEW WELLS HIT BIG PAY SAND

PIPE LINE BEGINS TAKING OIL FROM LOCAL OPERATORS

Waggoner Refining Company of Electra First of Four Concerns To Start Running Production—Operators Have Abundance of Storage

An outstanding feature of the developments in the South Vernon field over the week-end, or at least the most welcome announcement to the producing operators, was the fact that the pipe line of the Waggoner Refining Company of Electra has begun taking oil. Operators now see an opportunity to get rid of their surplus production and relieve them of the necessity of making heavy expenditures to erect tanks on their leases.

Still further relief is promised for this week when the Sinclair line is expected to be in readiness to begin taking oil. Work is being rushed by several pipe-laying crews and it is announced that the line will be ready before the close of the present week. There will be plenty of oil for these two four-inch lines, and if production in the present wells maintain their present pace and if the new wells measure up to expectations, there will be plenty of production to use the capacity of the Texas and Humble Company lines as soon as they are completed.

The continued high production records which are being increased almost daily by new wells coming in and the deepening of others for increased flow presents a big problem in the way of storage and operators are welcoming the relief to be afforded by the four pipe lines into the field. The Humble Company is busy on the first big 55,000-barrel reservoir as the first unit of their tank line and will soon be in position to take oil from the producers.

The new location announced by Bridwell, Heydrick & Palmer on the McCrary farm in section 52, block 14, is regarded as the beginning of an active wildcatting campaign to the south and southeast of the present proven area. Considerable wildcatting to the west and southwest is already assured by locations made in that territory.

Mulligan No. 1, Waggoner, in section 100, is rigging up. Winniepeg No. 2, R. M. Waggoner and Cowden, Bond et al, offsetting the Ray-Massie lease on the south and the South Vernon lease on the west is drilling at 200 feet.

Barkley & Meadows have spudded in their well in the southwest corner of the north quarter of Northeast quarter of section 83, block 14. This is a South Vernon offset.

The Humble Company, No. 1, Castlebury is rigging up. O'Donohue No. 2, Dill, southwest quarter of section 84, block 14, H. & T. C., drilling at 1000 feet.

Prince Bros., No. 1, Zipperle, southeast quarter of 84-14, rat-tailing for gas sand at 1670 feet.

Winniepeg No. 2, Bond, et al, section 100, block 14, is drilling at 1950 feet, and Winniepeg No. 3, an offset in the same section, is drilling at 1100 feet.

Charles Koly, No. 1, Waggoner, section 99, block 14, drilling at 1100 feet.

Wells-Guiberson No. 2, Waggoner, southeast quarter of 99-14, drilling at 1000 feet.

Ray-Massie No. 1, Bond, et al, section 100, block 14, drilling at 1970 feet. Ray-Massie No. 2, an off-set, is a derrick.

South Vernon Oil Company, No. 4, Stephens, drilling at 1000 feet. South Vernon No. 5, Stephens, 83-14, drilling at 1000 feet.

McCamy-Sheerin No. 1, Richardson, southwest quarter of 83-14, drilling at 1700 feet.

South Vernon No's. 6, 7 and 8, Stephens, are derricks.

Bridwell & Heydrick have made a wildcat location in the Northwest corner of the southwest quarter of section 52, to be known as their No. 1, McCrary.

COLORADO MAN HERE FOR OPERATION TODAY

G. W. Garland, brother of Dr. A. B. Garland, who has been spending the summer in Denver, and whose home is in Asheville, North Carolina, submitted to an operation today at a local sanitarium. Mr. Garland was former resident of Vernon in 1913 and 1914. His condition is satisfactory.

BRITAIN MAY HAVE COALITION CABINET

Above: DAVID LLOYD GEORGE & LORD BIRKENHEAD
Below: SIR ROBERT HORNE & WINSTON CHURCHILL

News dispatches from London indicate that no party will secure a working majority in the new Parliament, members of which will be elected October 29. Some experts believe the new Ministry will either be a predominantly die-hard Tory Cabinet, headed by ex-Premier Stanley Baldwin, or the revival of a Coalition Ministry, such as carried Great Britain through the World War. In the event of a Coalition Government, ex-Premier David Lloyd George, Winston Spencer Churchill, Sir Robert Horne and Lord Birkenhead are expected to have prominent portfolios.

FOURTH ENGINE IS INSTALLED BY CITY

FAIRBANKS-MORSE COMPANY UNLOADS LATEST TYPE FOR ADDITION TO POWER PLANT

A 300 horsepower Fairbanks-Morse internal combustion oil engine is being unloaded for installation as an additional unit in the city's light and power plant. The huge engine is the very latest type engine manufactured by the Fairbanks-Morse people and is one of the first three such engines shipped into the State of Texas. One engine each of this type has been purchased by the City of Lubbock and the City of Brady.

About thirty days will be required to install the engine and get it in readiness for operation. A factory representative is here to supervise the installation and to see that the machine is in perfect working order as a condition for its acceptance by the City.

A place has been provided in the west end of the building which houses the City power plant on Deaf Smith street. Some idea of the size of the engine may be gained from the fact that the concrete foundation on which it will rest is six feet thick, 30 feet long and 10 feet wide.

This is the fourth of a battery of Fairbanks-Morse engines installed by the City and is the second of 300 horsepower capacity. A third is 200 horsepower and the other is 100 horsepower, making a total of 900 horsepower.

A new feature of the engine now being installed is the housing which covers the moving parts of the engine which makes it a self-greasing machine. In appearance its construction resembles that of a huge closed-in type automobile motor.

TO PACK BOX FOR MISS BLANCHE GROVES

The women of the Missionary society of the Baptist church will pack a Christmas box for Miss Blanche Groves, missionary in China, Monday afternoon at the church. All wanting to send gifts to Miss Groves will please bring them that day as the box must be shipped next week in order to reach her Christmas day. Graphophone records are in demand as Miss Groves needs some new records for the machine they sent her some time ago.

Local Boy Is Star of Baylor Victory Over Texas U. Team

Bill Coffey, star quarterback of the Baylor University football team, and son of F. P. Coffey of this city, was the outstanding star of the game in the New University stadium at Austin last Saturday when Baylor administered the most crushing defeat to Texas University ever suffered by a Longhorn team on the home ground. Young Coffey made three of Baylor's four touchdowns and commanded the assault of the Bears, outmaneuvering the best talent of the Texas team at every stage of the game, according to newspaper accounts.

To Coffey's all-around brilliance is attributed Baylor's decisive defeat of the Longhorns. The lad's father listened to the account of the game over radio Saturday afternoon and showed with pride over the feats of his son. Mr. Coffey has already attended two of Baylor's games this year and expects to be in Dallas Saturday to see the Bears clash with the undefeated Mustangs of Southern Methodist University for what is regarded as the most important game of the season in the Southwestern conference.

Vernon Gin Turns In 2 Fire Alarms Monday Morning

The fire department answered two calls Monday morning at the Vernon gin which caused a slight damage before the fire was extinguished. Both fires caught in the bins where the cotton was stored and burned about two or three hundred pounds of seed cotton. The first fire was about 9 a. m., and the second was at 11:30 a. m., but were in separate bins and it is supposed the fire was started by sand and gravel hitting on steel as the cotton passed through the suction pipe to the bins.

EAST VERNON BOX SUPPER IS BIG SUCCESS FRIDAY

The East Vernon community picnic and box supper brought \$88 into the school fund, Friday night. Fred Newth was auctioneer and from the price the boxes and pies brought, it was a decided success. The proceeds will be used to purchase play ground equipment and pictures for the class rooms.

SPECIAL CARRYING FOOTBALL ROOTERS LEFT 6 A. M. TODAY

Followers of Red and White of Vernon High School Expecting To Come Home Tonight With Champions of All the Panhandle

The special train carrying more than 450 rooters for the Vernon high school football team left here this morning at 6 o'clock for Amarillo, and is due to arrive today at 11:30. It will return tonight with a much happier contingent of passengers, if the Lions measure up to the expectations of their supporters and defeat the Golden Sandstorm team at the Amarillo high school.

Twenty members of the football squad and Coaches Baggett and Wilmon left Sunday afternoon for Amarillo in order to have a good workout under the same conditions as they will be faced with when they meet the Amarillo team this afternoon at 2:30 in the Bivins stadium. Monday was spent in working out the team on the grounds of the Claude high school and last night the team went into Amarillo in order to have an opportunity for a light workout on the Bivins stadium gridiron where they meet the Sandstorm this afternoon.

With one or two exceptions, the Lions first string men will go into the game in the "top" of condition. Walker is still a little off form due to the sprained ankle sustained two weeks ago in the game with Paducah and a slight illness from a cold contracted last week, but he will be in shape to play a part if not all of today's game. C. Reed is suffering from a lame shoulder and may not be able to play throughout the game today. Other members of the squad, however, are in good condition and will enter the game confident of victory, though they are expecting the hardest game of the season.

Today's game will decide the championship of class A schools in District 1 and the Lions are counting on disposing of Amarillo as they have the splendid teams from Electra and Wichita Falls. Amarillo has defeated Lubbock and Plainview, but allowed a touchdown to the former, while Vernon has won all games played this season by shutout scores. Coach Baggett saw Amarillo play in Lubbock ten days ago and he is confident that his men can win. Barring accidents, he believes Vernon will win today by a larger margin than chalked up against Wichita Falls.

Even the most pessimistic followers of the Lions and the most conservative critics of the two teams say the Lions have an even better chance to win today, after making liberal allowance for the advantage of playing on their own field and before a monster crowd of home town rooters.

The Bivins stadium has a seating capacity of between 4,000 and 5,000, with a lot of standing room at the north end of the playing field. It is perhaps the finest high school stadium in Texas. Reports from Amarillo on the advance sale of tickets indicates that the big bowl will contain its record crowd today when the Lions make their debut for a district championship against a team that has gone into inter-district finals for the last three years.

HINGST TRANSFERRED FROM CHILLICOTHE TO VERNON

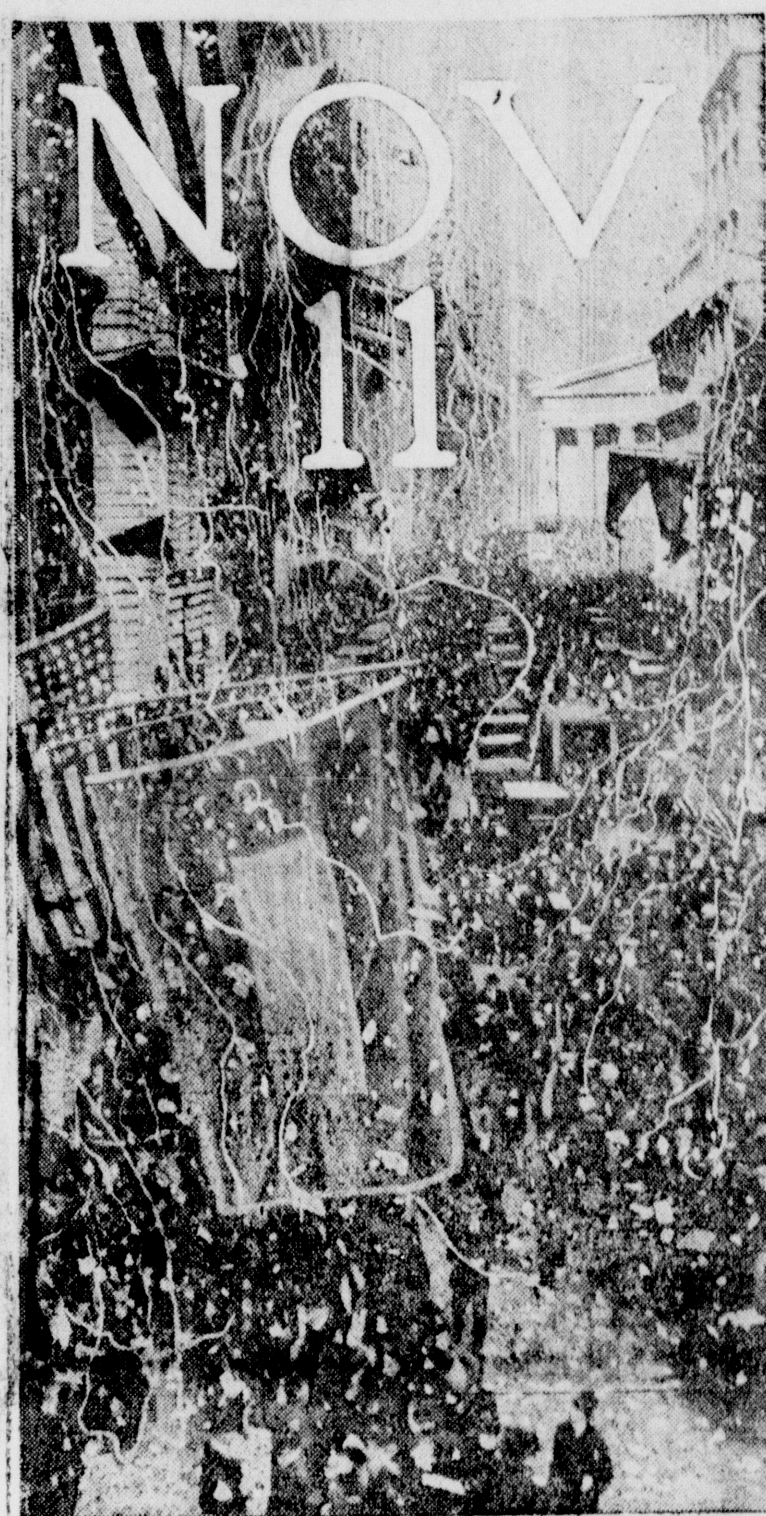

Homer E. Hingst, a former resident of Vernon, and an employee of the Cameron Lumber Co., has been transferred from Chillicothe to the local yards, to take charge of the books. Mr. Hingst will take the Coleman Devers place who was sent to Mangum, Okla., last week for an operation for appendicitis. Mr. Devers was with the local yards for only a short time, being transferred from Willow, Okla.

Mr. Hingst is a brother to Arthur Hingst, assistant cashier of the Farmers State Bank.

GOES TO DALLAS FOR MEDICAL TREATMENT

H. Y. Pitts, who has been suffering from an attack of rheumatism and other complications for eight weeks, left Friday night for Dallas where he will go through a clinic at the Baptist hospital. After examination there, he intends to go for a stay in Mineral Wells.

ARMISTICE DAY!

A reproduction of a scene of rejoicing that took place in every part of the United States, November 11, 1918, and which the whole nation continues to celebrate.

Herman Klingler To Return To Manage His Father's Farm

Herman Klingler, of Eagle City, Okla., who has been employed in a bank there, has resigned his position and will return to Vernon where he will assume management of his father's fine farm three miles southeast of the city. His father, H. A. Klingler, who was engaged extensively in raising hogs and farming, found it necessary to leave here several years ago on account of his health. Since that time he and his family have been living in Colorado. The farm, which is considered one of the best in the county on account of its modern improvements and good land, has been on the market for a short time, but was withdrawn this morning on receipt of a telegram from the younger Mr. Klingler announcing that he would be here at an early date to take charge.

Methodist Pastor Preaches at Both Services Sunday

Rev. C. A. Bickley, the new pastor of the First Methodist church, who is now serving as presiding elder of the Cordiana district, preached at both services at the local church Sunday, returning Sunday night to his home in Corsicana and from there will go to Brownwood to attend the annual sessions of the Central Texas Conference which opens tomorrow. He will be in Brownwood over Sunday and will return here next week to take active charge of the work of the Vernon congregation.

Rev. O. P. Clark, presiding elder of the Vernon district, will fill the pulpit of the local church next Sunday at both the morning and evening services.

HAROLD FARMER TO GATHER 100 BALES OF COTTON

Ray Ferguson, who lives near Harold, was in town Saturday and reports that he will market a hundred bales of cotton by the end of this season. He has about 200 acres in cotton.

RAY-MASSIE AND WINNIPEG NO. 2 IN SECTION 100 ARE EXPECTED TO BE AMONG BEST IN THE FIELD

What Seems To Be One of the Richest Sands Yet Penetrated by Drills Is Picked Up in Two Locations on the Bond Tract—Wells-Guiberson Is Deepened for Big Increase in Flow

The Ray-Massie No. 1 Bond et al in section 100 yesterday picked up a heavy oil bearing sand at 1968 feet and it was drilled into for a depth of 15 feet without striking bottom. It is certain that the well would produce from 400 to 500 barrels from this sand but it is announced that the hole will be sunk to the big sand picked up by the two big wells on the Stephens lease across the road in section 83. Perforated casing will be set in order to get the production from both sands. It is believed that by this means the well can be made one of the biggest producers in the entire field.

Another development of importance was reported late yesterday when the Winnipeg No. 2 reached the sand at about the same depth as the Ray-Massie. It may be several days yet before these wells are completed and connected up with the tanks. The drills will be sent into the lower sand cautiously in order to avoid the possibility of damaging the production.

Following these strikes, it was announced that the Wells-Guiberson No. 1, Waggoner, had been deepened to the South Vernon sand and its output increased to about 1500 barrels per day, bringing up to about the same standing as the Bridwell Heydrick No. 1, Stephens.

The Bridwell-Heydrick No. 1 Dill will be deepened in the hope of also increasing the production out of the South Vernon sand. As soon as pipe line facilities are adequate to take care of the heavy production practically all wells in the field will be sunk to the lower level to pick up the big production below the 2,000-foot level.

Developments in the Kemp-Birdsong and the Hunter-Danciger wells are being watched closely by oil men. Sand are reported in each of these wells and the bringing in of either would be wide extensions of the present proven area.

Dick Bowers To Fight Here On November 21st

Dick Bowers, who has been living in Breckenridge for the past two months, will return here and enter the ring in two weeks, according to announcement of Ed Gilliland, local fight promoter. Bowers will fight either Kid Snyder or Wildcat Monte, the night of November 21. Bowers won a decision over Kid Snyder last summer and Bowers won a decision over Wildcat Monte who in turn did the same thing for Bowers, but since that time the Kid has whipped Wildcat Monte. Bowers' fighting as a substitute at Breckenridge last week knocked out his man in the seventh round. Bowers is in the junior light weight class and has proven himself to be hard to handle in any fight, in which he has been matched.

J. H. Pendleton Is Erecting One Story Brick on Cumberland

Another brick building is being erected in Vernon. J. H. Pendleton let the contract last week and ground has been broken for the foundation, first door south of the Postoffice filling station.

The dimensions of the building will be 27 1-2 by 119 and will front west on Cumberland street. Two other brick buildings are being erected on this block by O. A. Swinburn and he also has the contract for the erection of the Pendleton building. The plan for all three buildings is virtually the same and the fronts will be identical. They will be rented as store buildings and will be completed by the first of the year. The three handsome structures will add greatly to the appearance of the block. Several firms have desired to rent the buildings, but no contract has been closed as yet by any firm.

VICTIM OF GIN ACCIDENT DIES

ALBERT SHELTON CAUGHT IN
SHAFTING LIVES ONE DAY
BURIED IN EAST VIEW

Funeral services were conducted for Albert Shelton, 20, at 4 o'clock Saturday afternoon at East View cemetery. Dr. E. L. Moore, pastor of the Presbyterian church, of which the young man was a member, assisted by Rev. F. T. Johnson, Methodist minister, conducted the services at the grave.

The young man was caught in the shafting at the Cooperative Gin about 7 o'clock Thursday night as he was fixing a belt. His right arm was broken in three places, his jaw broken and he suffered internal injuries. He died about 5 o'clock Friday afternoon.

He is survived by his parents, Mr. and Mrs. E. A. Shelton and six brothers and three sisters. The family came to the county from Honey Grove about a year ago and lived on the Frank Lockett farm, west of Vernon. For the past two months they have been making their home on Mesquite street. The young man made many friends since coming here and was well liked by the employees at the gin where he worked.

Many beautiful flowers were sent to the bereaved family to be placed above his resting place.

Mr. and Mrs. J. M. Young, of Honey Grove, the latter being an aunt of the deceased failed to make connection and did not arrive for the funeral, but arrived later and will visit here a few days. Others present for the funeral were his four uncles, J. H. and Perry Rogers of Honey Grove, Luther and Emmett Rogers of Elk City, Okla., two aunts, Mrs. O. N. Choate of Elk City and Mrs. Nora Caffee of Honey Grove, and his grandmother, Mrs. Ruth Shelton of Honey Grove.

Oklahoma Man Is Acquitted Monday of Forgery Charge

T. R. Orr was acquitted on a charge of forgery in 46th District Court here yesterday before Judge James V. Leak. This was the first case called for trial when the criminal docket came up for consideration. Orr was recently brought to Vernon from Oklahoma to stand trial and has been in jail since that time.

Court was adjourned for today in observance of Armistice Day. Turkey Dinner Postponed. The Women's Auxiliary of the Presbyterian church have called off the turkey dinner they intended to serve Thanksgiving. The affair has been indefinitely postponed.

NATION TO OBSERVE THANKSGIVING DAY

COOLIDGE PROCLAMATION ASKS PEOPLE TO GIVE THANKS FOR PROSPERITY

Washington, Nov. 5.—President Coolidge issued a proclamation Wednesday formally proclaiming Thursday, Nov. 27, as Thanksgiving Day.

The proclamation urged that thanks be given because the year had been marked by a continuation of peace whereby "our country had entered into a relationship of better understanding with all the other nations of the earth," and because at home "we have continually an improving state of health," with industrial production large and harvests bountiful. It follows:

"By the President of the United States of America:

"A Proclamation:
"We approach that season of the year when it has been the custom for the American people to give thanks for the good fortune which the bounty of Providence, through the generosity of nature, has visited upon them. It is altogether a good custom. It has the sanction of antiquity and the approbation of our religious convictions. In acknowledging the receipt of divine favor, in contemplating the blessings which have been bestowed upon us, we shall reveal the spiritual strength of the Nation.

Year of Peace.

"The year has been marked by a continuation of peace whereby our country has entered into a relationship of better understanding with all the other nations of the earth. Ways have been revealed to us by which we could perform a very great service through the giving of friendly counsel, through the extension of financial assistance and through the exercise of a spirit of neighborly kindness to less favored peoples. We should give thanks for the power which has been given into our keeping, with which we have been able to render these services to the rest of mankind.

"At home we have continually had an improving state of the public health. The production of our industries has been large and our harvests have been bountiful. We have been remarkably free from disorder and remarkably successful in all those pursuits which flourish during a state of domestic peace. An abundant prosperity has overspread the land. We shall do well to accept all these favors and bounties with a becoming humility and dedicate them to the service of the righteous cause of the giver of all good and perfect gifts. As the Nation has prospered let all the people show that they are worthy to prosper by rededicating America to the service of God and man.

Urges Day of Worship.

"Therefore, I, Calvin Coolidge, President of the United States of America, hereby proclaim and fix Thursday, the twenty-seventh day of November, as a day for national thanksgiving. I recommend that the people gather in their places of worship and at family altars and offer up their thanks for the goodness which has been shown to them in such a multitude of ways. Especially I urge them to supplicate the throne of grace that they may gather strength from their tribulations, that they may gain humility from their victories, that they may bear without complaining the burdens that shall be placed upon them and that they may be increasingly worthy in all ways of the blessings that shall come to them.

"In witness whereof I have hereunto set my hand and caused to be affixed the great seal of the United States.

"Done at the City of Washington, the fifth day of November, in the year of our Lord, one thousand nine hundred and twenty-four, and of the independence of the United

States.

Does Your Back Ache?

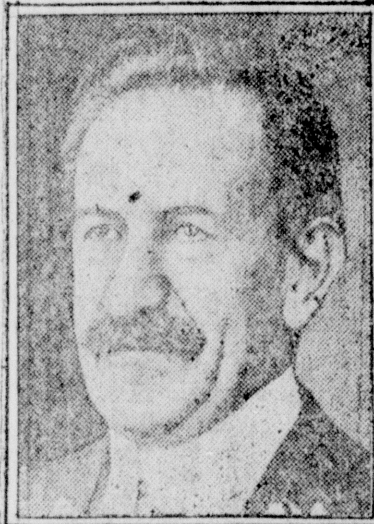

Bad Backs Bring Suffering to Many Vernon Folks

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out. Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills. Doan's are recommended by Vernon folks.

B. W. Wood, farmer, Vernon, says "A mean, dull ache in my back annoyed me greatly. If I happened to stoop, such sharp, cutting pains took me, I could hardly straighten again. My kidneys acted irregularly, too and the secretions passed too often. Nights this condition broke my rest, as I had to get up many times. Doan's Pills, from the Ferguson Drug Co., rid me of the back ache and made my kidneys act regularly. Doan's have never failed to cure me of an attack."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Woods had. Foster-Milburn Co. Mfrs., Buffalo, N. Y.

MEN AND WOMEN IN THE NEWS OF THE DAY.

Above: SHIRLEY KELLOGG & EDITH KELLY GOULD. Below: ALBERT PIERRE DE COURVILLE & SAMUEL UNTERMYER.

Samuel Untermyer, famous New York attorney, has placed his talents as a cross-examiner at the services of the Borah Senate Committee that is probing the alleged "\$10,000,000 campaign slush fund." Shirley Kellogg, "the girl with the goddess figure," famous American dancer, has just secured a London divorce from Albert Pierre De Courville, English theatrical magnate, naming Edith Kelly Gould, divorced wife of Frank J. Gould, as co-respondent.

An Al Christie Feature with a great Comedy Cast

DOROTHY DEVORE

Walter Hiers, Tully Marshall

Harold Lloyd Here Three Days Next Week in "Girl Shy"

Variety is the spice of life, and it is also the secret of success in making good motion pictures. Many stars fall into a rut because they insist upon making the same line of pictures and using the same kinds of characterizations. They never change because they feel the public is used to seeing them in a certain type of picture.

Such is not the case, however, with Harold Lloyd, whose latest feature Pathé-comedy, "Girl Shy," will be seen three days, Wednesday, Thursday and Friday, at the Vernon Theatre. Harold has fortunately discovered that "mixing them up a bit" is the secret of success. He has never made two comedies even remotely alike, considering his big hits, "Dr. Jack," "Safety Last," "Why Worry?" and now "Girl Shy." He has jumped from small town situations to a South American revolution, from portraying a doctor to a ribbon clerk. Now in his latest, he has again striven for something different from anything he has ever made. He is seen in "Girl Shy" in an entirely novel characterization, as a bashful small town boy who is an apprentice to his uncle, a tailor. He makes a secret study of girls, although not a very accurate one, and the more he studies them, the more he fears them.

He has tried in "Girl Shy" to present a character who will instantly win the sympathy of his audience through his humanness. A really dramatic story has been built around this central figure of the

boy and nothing has been sacrificed to make the picture true to life in every small detail. And it is attention to detail that helps largely to make the Lloyd Path-comedies the big hits that they are.

"Hold Your Breath" Great Comedy Drama Coming to Pictorium

A good cast is supporting Laura La Plante in "Young Ideas," the feature coming to the Pictorium Theatre Wednesday, T. Roy Barnes, one of the highest paid stars in the business; Lucille Rickson, Buddy Messinger, Lyda Yeamans Titus, Jennie Lee, James O. Barrows and don't forget the dog, Brownie, who wags his tail and plays his tricks throughout the pictures.

"Hold Your Breath," an Al Christie feature will be here, Thursday and Friday with Dorothy Devore and a big bunch of players.

The plot is as follows: When (Dorothy Devore) tried to hold down her brother's job on the new-

paper she discovered that as a reporter she was a good bellboy. But she had the family to support, so she struck.

She turned maid, secretary, acrobat and a few other things—she brought out the police, the fire department, the mayor and the whole town—she almost broke her neck—but she made good.

Then she decided that one reporter in the family was enough and fell into the waiting arms of her fat and distracted fiancé (Walter Hiers.)

You'll hold your breath with excitement and hold your sides with laughter at this rollicking comedy drama with one of the greatest comedy casts ever assembled.

Today is the last showing for "The Turmoil," the famous Booth Tarkington's novel of American life, presented by a real all-star cast with George Hackathorne and eleven other stars of great magnitude.

THE DEMOCRATIC WOMEN GOVERNORS.

Whether we wish it or not and whether it is for better or for worse, women have come to the fore in the realm of politics. A few years ago a maiden lady was elected to Congress from the State of Montana. The novelty of a woman sitting as a member of the national legislature excited more newspaper comment than any other single election event of the year. Aside from the President she was the most quoted, most frequently photographed person in Washington official life.

Two years later another woman was elected to Congress and along about that time conservative old England sent a woman to Parliament. Not only did our British cousins elect this woman to Parliament, but a most interesting feature of her election was the fact that she was an American by birth and British only by naturalization and marriage. Women on school boards, in local offices of clerical nature and in state legislatures have become rather common in this country.

But this year a departure has been created by the election of women as Governors of two important states in the Union. Texas and Wyoming thus enjoy whatever of distinction there may be in the election of a woman chief executive. Both were elected on the same day, but in a sense the honor of being first to place a woman in the Governor's office may be claimed by Texas, for the reason that since Wyoming is in the mountain time zone and Texas in the central, the polls closed in Texas earlier than they did in Wyoming. Hence, Mrs. Ferguson was elected Governor at 7 o'clock, p. m., Tuesday, November 4, while the fate of Mrs. Ross out in Wyoming was not definitely determined until an hour or two later, due to the difference in their time and ours here in Texas.

Singularly enough the party which nominated and elected these two women Governors was, until a few years ago, traditionally and violently opposed to woman suffrage. States controlled by Republicans were first to extend the ballot to women. Likewise our first women legislators were elected as Republicans. Most of the Southern states which furnish the backbone of the strength of the Democratic party did not accept woman suffrage until it was forced on the people by an amendment to the Federal Constitution. But the two women elected Governor this year are Democrats. Evidently if there has ever existed any prejudice among Democrats against women holding office, we may accept the result of the balloting in the case of Mrs. Ferguson in Texas and Mrs. Ross in Wyoming as definitely marking the end of that prejudice.

There will be many, of course, who will pronounce this experiment, if it may be called one, a failure regardless of the results of the administrations of these two women. Likewise there will be those who will attempt to crown with glory the smallest of their accomplishments and to hail their election as the last step in the political emancipation of women. In this instance, however, as in most cases, the truth will lie between these two extremes. Mrs. Ferguson may make Texas one of the greatest Governors in the history of the state. The same may be said of Mrs. Ross. The Record hopes it will be true as to both. Certainly as loyal Texans we could not wish Mrs. Ferguson anything but success. But if Mrs. Ferguson and Mrs. Ross succeed, it will not be due to the fact that they are women. If they fail, it would be silly to attribute their failure to their sex. Sex has nothing to do with character and ability. If history teaches anything on this subject it teaches that. Some of the greatest rulers in all the world have been women. One of the out-

standing military geniuses of European history was a frail, unlettered peasant girl. This last bit of information is thrown in for the enlightenment of those legalists who opposed the election of Mrs. Ferguson on the ground that a woman could not be Governor of Texas because, foresooth, the constitution makes the Governor commander-in-chief of the militia and being a woman, Mrs. Ferguson could not command an army.

If there is any question as to whether a woman can be a successful Governor, it is possible that Mrs. Ferguson and Mrs. Ross will not furnish an answer. It is reasonable to expect that their administrations will measure up to the average of their men predecessors. If Mrs. Ferguson doesn't meet the average in Texas for the past twenty years she will indeed be a poor Governor. It is worth remembering that not every man elected to the office makes a good Governor.

THE NATIONAL ELECTION.

As was expected by every observant person, the Republicans elected a President and retained their control of the two houses of Congress in last week's national election. Another distressing result of the balloting is the destruction of the myth that the Democrats always win when the election falls on the fourth day of November. Many steadfast Democrats had relied on this to pull the ticket through to victory this year. Not content with taking the offices away from the faithful disciples of Jefferson and Jackson, the victors have robbed us of a superstition that has been a comfort to many a Democrat during the summer.

On the other hand, the Democrats just about held their own in the House and Senate and elected quite a respectable number of Governors in states regarded as doubtful or normally Republican. New York gave President Coolidge about 800,000 majority and at the same time elected Governor Al Smith by something like 150,000, making a difference between the national and state Democratic tickets of nearly a million votes.

Though this is the most outstanding variance, similar results were recorded in other states. New York is so rarely in the Democratic presidential column that it would be

more accurate to classify it as a Republican state. In the last generation New York has gone Democratic the same number of times Tennessee has gone Republican, but Democratic Governors in New York are frequent. Ohio, Illinois and Indiana often place Democrats in the Governor's office but they seldom

vote for a Democrat for President. The American voter seems willing enough to send Democrats to Congress and Democrats to the state house, but he is slow, disconcertingly slow, almost alarmingly slow to place a Democrat in the White House. The United States is normally Republican. The only defeats the party has suffered since the Civil War have been the result of splits in its own ranks or the natural reaction of the voters against notoriously glaring party failures. We Democrats may extract whatever comfort we can from these very obvious facts.

Quite incidentally, it is interesting to observe that those in Texas and other Southern states who claim that a strong opposition party would give us better government in these Democratic states never seem to see any need for a stronger opposition party in national affairs and go right on voting for Republican Presidents. This only proves that they are possessed of that degree of political consistency which is so common in politics, which is merely another way of saying they have none.

New velvet hats with gold and silver trimmings at Naylor's Millinery.

CHRISTMAS SEALS STRESSES HEALTH AND EDUCATION

The Christmas seal of 1924 departs from the usual type of design. Instead of stressing the Christmas idea, it stresses the health and educational appeal. The design depicts Knowledge enlightening the world as to the dangers of tuberculosis. Resting her hand upon the shield of the double-barred cross she indicates that she is defending the world against tuberculosis. This is a happy symbolism of the tuberculosis movement in its preventive activities.

The design is admirably executed by Mr. George V. Curtis of New York City. Mr. Curtis is an artist of international reputation. For over sixty years, since boyhood, he has been drawing and painting. He spent a very large part of his life in France, at Barbizon, the headquarters of the famous Millet school. As a painter of landscapes and portraits he gained an enviable reputation both in Europe and in this country. Many of his paintings have been exhibited in Paris and other European and American galleries. He has made a special study of the Christmas seal idea and has designed two seals besides the one for 1924.

Thirty-two million of these seals have been ordered by the Texas

Public Health Association and will be used all over the State during the month of December to raise funds for the campaign against tuberculosis.

BUICK MAKES LONG NON STOP TOUR

THREE-DAYS ENDURANCE TEST OF CAR AND DRIVER ON WEST COAST

A 1925 Standard Six Buick, driven by C. L. "Outdoor" Franklin and observed by Capt. F. J. Davis, last week hung up a three-flag endurance mark that defies comparison in non-stop world's records.

Starting in Canada on a Monday morning the Buick was not stopped once for any cause whatsoever for 1606 miles until the car was brought to a halt in Tia Juana, Mexico, the following Wednesday afternoon.

Passing under the jurisdiction of the flags of three countries the car, which was observed by Capt. Davis acting as representative of the newspapers of Los Angeles, hung up a record that is believed to be unparalleled. So far as known there is no record in existence for a distance of this nature where both the car and the motor and the driver kept going continuously.

The run, which was maintained on a schedule approximately touring and 40 minutes after it started, and all during this time Franklin sat at the wheel. It was a great exhibition not only of motor endurance but human stamina as well.

Both Franklin and Capt. Davis practically had to be lifted from the car when the motor was stopped in Mexico. Franklin was barely able to stand and Davis had developed a charley horse.

Motorists who have taken trips up the Pacific Highway this summer can better appreciate the Buick feat in running 1606 miles without a stop of any kind. In this run the emphasis on the non-stop part of it, and nothing in the way of mechanical adjustments, tire trouble, congested traffic, train crossings and traffic officers combined to impede the steady forward progress of the car.

Even the elements had to be combated on the run, a continuous downpour of rain being encountered all through Washington and Oregon and continuing to the California line. Hot weather prevailed through the San Joaquin Valley. Three mountain ranges had to be crossed in the Cascade, Siskiyou and Ridge route.

As it was contrary to the rules of the run to stop for gas an ingenious contrivance had to be arranged for refueling aboard. This was done by running a tube from a big tank placed in the tonneau to the regular tank and turning a handle whenever fuel was needed. In much the same way oil was fed from a tank leading from the dash to the crank case in the motor.

Water could have been added by standing on the running board while the car was in motion, but this was unnecessary as less than one pint of water was required to fill the radiator when Mexico was reached.

The Oregon and Washington speed laws of thirty miles per hour were strictly observed, according to Franklin and Davis, and it was not until California was reached that any effort to make better time was made. No skids were encountered on the moist Northwest highways; the six-ply low-pressure tires holding the road like a dream and the four-wheel brakes functioning perfectly.

MARY JO MULLER ENTERTAINS ON SEVENTH BIRTHDAY

Little Miss Mary Jo Muller, daughter of Mr. and Mrs. Clyde Muller of Hinds, entertained with a beautiful party Tuesday, November 4, celebrating her seventh birthday. The decorations were in keeping with the occasion and the little girl received many beautiful gifts. Small baskets containing salted nuts, were placed for each little guest as favors and the afternoon was spent in playing games. A lovely birthday cake with seven glowing candles was brought in and cut and eaten with the delicious ice cream. The following were present: Joyce Puckett, Cy Long, Jr., Frank Long, Geraldine Sharp, John Alex Anderson, William Anderson, Marian Janette Anderson, A. P. McCelvey, Jr., Robert Hugh McCelvey, Charles Kenneth Tyson, Ben Elliott, Jr., Bobby June Brown, Herman Still, Helen Christine Smith, LeRoy Smith, Norma Lee Hoffman, Jennie Terhune and Olen Muller.

Church Rummage Sale.

Judge Griffiths Still Very Busy Marrying Couples

Judge T. J. Griffiths is still very busy marrying couples from all sections of the country. Alford Reed of Pittsburg and Lillie Mae Peterson, of Gilmer, were married in his office, November 7.

Friday morning, W. L. Atwood and Miss Annie Mae Gregory of Wichita Falls were married in his office in the court house.

C. S. Mooney and Mrs. Lonella Matthews, residents of Vernon, failed to catch the Judge at his office and went to his residence. He had not returned, so accompanied by Sheriff Frank Edmonson, who had volunteered to take them to the Squire's residence, they started back. They met Judge Griffiths in front of the Kester residence on Texas street and they were married there.

Lon C. Cartwright, long time resident of the Fargo community and Miss Gladys Jones, daughter of Mr. and Mrs. W. T. Jones of the same community were married by Judge Griffiths, at his home in northeast Vernon, late Saturday night. Mr. Cartwright is a son of Mr. and Mrs. J. S. Cartwright, prominent people of that community. They will make their home there until January 1, when they will move to the South Plains.

SOCIAL CALENDAR.

Mrs. John Dean is entertaining the Tuesday Forty-two club at the home of Mrs. R. S. McCollins this afternoon.

The Home Science club will meet with Mrs. H. K. Greener, Friday afternoon.

The Rebekah lodge will meet at the Oddfellow hall Friday night.

Mrs. C. J. Farrell will entertain the Wednesday forty-two club Wednesday afternoon.

Mrs. Farrell Honored.
Mrs. C. J. Farrell, prominent club woman of Vernon, has been appointed as delegate at large to the Seventh district meeting of the Texas Federation of women's clubs. The annual meeting is being held this week in Amarillo.

A little daughter of G. W. Jackson was operated on at one of the local hospitals Friday, November 7.

Mr. and Mrs. Clint Tyson and son, Charles Kenneth, of Chillicothe, visited Mr. and Mrs. Clyde Muller, Sunday. Mr. and Mrs. Clyde Hudson of Davidson, Okla., were also guests of Mr. and Mrs. Muller that day.

997 ATTEND SUNDAY SCHOOLS IN VERNON

The total attendance of the churches of Vernon for Sunday, November 9, was 997, and the total collection was \$504.68. The following is the attendance and collection by churches:

	Attend.	Col.
Methodist	228	\$13.33
Baptist	332	12.49
Christian	178	7.89
Presbyterian	113	6.10
Church of Christ	122	8.94
Lutheran	21	1.75
Total	997	\$50.68

Marriage Licenses.

The following couples were granted marriage licenses, last week: J. J. Meyer and Mrs. Lillie Owens; J. R. Wilkerson and Miss Fannie Williams; Gabriel Ramirez and Eulalia Arriaga; George Wilkerson and Miss Chessie Chisum; William J. Frazer and Minnie A. Vaughan; Rufus Carpenter and Farren Cox; W. L. Atwood and Annie Mae Gregory; Alford Reed and Lillie Mae Palmer; Rufus Kitchens and Miss Mattie Mae Roff; Edward Railis back and Miss Gladys Brodus; Lon C. Cartwright and Gladys Jones; C. S. Mooney and Lonella Matthews; R. J. Wimple and Miss Faye Brazil.

Hunters Return From Kerrville.

B. Daniels accompanied by his uncle, Polk Daniel, of Tennessee, A. H. Murchison, E. H. Pigg and George Hardin returned Saturday morning from a ten days hunt on a game preserve, near Kerrville, which Mr. Daniels and associates have leased. They killed several deer and wild turkey and brought some deer meat home with them. They report a splendid time.

Wells Valley School Opens.

The Wells Valley school opened Monday, November 3, with seventy pupils according to Raymond Cox, principal. Mr. Cox will be assisted by four other teachers, L. V. Sharp of Vernon, Mrs. Raymond Cox and Miss Ruby Rhodes of Chillicothe.

Return From Big Hunt.

W. A. Ish, A. C. Roger, Jim Bomar and R. Foster returned Friday from a ten days hunting trip in the Davis mountains. They report plenty of game. They heard bears fighting but did not kill any. They bagged several deer and plenty of wild turkey.

Another supply of tents has just arrived. North Texas Hardware Co. We also have army cots at \$4.40 for best grade. Itc

Miss Wilmoth Howard of West Vernon spent the week-end with Mrs. A. D. Anderson of the Hinds community.

OUT DOOR SLEEPING IS BEST OF TONICS

D. E. Breed, Executive Secretary, Texas Public Health Association, stated today that outdoor sleeping was one of the greatest tonics for tired minds and also one of the best disease preventatives. There is a growing interest in outdoor living by people who are not ill.

The American people are the greatest sport lovers in the world. Among them are some of the greatest athletes in the world. At the same time, the great mass of people lead sedentary, shut-in lives. They inhale fresh air only when they open their windows at night, (and in winter they often neglect to do even this) and when they walk from their homes to their work.

Why should not the United States become a nation of out-door-sleepers, of vigorous men and women who arise refreshed on a winter morning, blood and brain clear for a day's achievement? The lungs that inhale outdoor air for eight hours out of twenty-four are not a fertile field for the tubercle bacillus.

It is with this thought in mind that the Texas Public Health Association urges every one who possibly can to sleep out of doors all the year round. Mr. Breed stated that this was something that most Texans could enjoy and hoped that they would avail themselves of the opportunity to enjoy nature's great restorer.

Card of Thanks.

We wish to extend our heartfelt thanks to the friends and neighbors who were so kind to our son and brother, Albert Shelton, and to us during his brief illness and death. We especially want to thank his associates at the gin and other friends who sent the beautiful flowers, the physicians and nurses, who watched after him as his earthly life drew to an end, and to the ministers, Rev. Moore and Rev. Johnson, who spoke comforting words to us at the grave of our loved one. God bless you, one and all. Gratefully yours, MR. AND MRS. E. A. SHELTON, and Children.

Miss Thelma Clifford is recovering from an operation at a local hospital.

EDUCATION WEEK PROGRAM IS GIVEN

STATE DEPARTMENT EDUCATION ASKS OBSERVANCE OF WEEK OF NOVEMBER 17-23

November 17-23 has been designated as American Education Week, and the public schools of the Nation have been requested to observe it with appropriate programs. For use in Texas public schools, the State Department of Education submits the following program, based on the National Bureau of Education's Bulletin, "Suggestions for the Observance of American Education Week."

Monday, November 17—Constitution Day.

Slogans: Ballots not Bullets; Master the English Language; Visit the Schools Today.

Topics of Study: The Development of the Constitution; Written and Unwritten Constitutions; Obedience to the Constitution; Law Enforcement; Individual Rights Guaranteed by the Constitution.

Tuesday, November 18—Patriotism Day.

Topics of Study: Patriotism, the Paramount Human Emotion; Liberty, the Opportunity to Do Right; The Common School, the Bulwark of American Liberty.

Suggested Special Activities for the Day: Dedication Exercises for a New School Flag; Public Demonstration of the Proper Display of the Flag.

Wednesday, November 19—School and Teacher Day.

Slogans: The Teacher—the Guiding Influence of Future America; Visit the Schools Today.

Topics of Study and Theme of Interest:

There are 730,000 teachers in America.

One-fourth of all our people are in school (pupils, teachers and administrators).

One-fifth of all pupils are in the first grade.

It is the business of the schools to produce "good citizens."

Schools are the nation's greatest asset.

The schools need better daily attendance, adequate buildings, and equipment.

Thursday, November 20—Literacy Day.

Slogans: Learn to Read It Yourself; Equal Educational Opportunities for All; Every Voter Able to Read and Write.

Items for Study:

Six per cent of our population over ten years of age have no schooling whatever.

In 1920, there were 4,931,905 persons over ten years of age who could not write, a number greater than the total population of Texas.

In 1920, the percentage of illiteracy in Texas was 8.3 per cent. Texas was thirty-fifth in the rank of the States.

How can we best educate native born illiterates, Our need of opportunity schools and classes and Americanization schools.

Friday, November 21—Physical Education Day.

Slogans: A Playground for Every Child; Physical Education Builds Character; Safety Education Saves Life.

Topics for Study:

What our schools are doing for health.

The value of recreation to a community.

Outdoor recreation, including the preservation of wild flowers, game and forests.

The physical characteristics and

daily habits of great men.

Saturday, November 22—Community Day.

Subjects for Addresses:

School needs of this community.

Our need of recreational facilities, parks, and playgrounds and a public library.

The co-operation of all organizations in community enterprises.

The teacher in relation to the community.

Sunday, November 23—For God and Country Day.

Slogan: A Godly Nation Cannot Fall; The Home, the School, the Church, the Educational Triangle.

Topics for Study: Education in the Home:

1. The Abolition of the Parents.

2. Authority and Education.

Education in the School:

1. Democracy and Intelligent Citizenship.

2. The relation of illiteracy to immorality and anarchy.

Education in the Church:

1. The educational value of Bible reading.

2. The need of reverence.

3. The faith that men live by.

4. How can the church best serve the State?

5. Old paths—education and the church.

6. Practical means of interesting young people in religious education.

Notice.

In Re Guardianship of the Estate of John Lee McCrary and Tom Dodson McCrary, Minors, No. 694, in County Court of Wilbarger County, Texas.

Notice is hereby given that I, Mrs. Gorda May McCrary, guardian of the estate of John Lee McCrary and Tom Dodson McCrary, minors, have this day filed my application in the above entitled and numbered cause for an order of the County Judge of Wilbarger County, Texas, authorizing me as the guardian of the estate of said wards to make a mineral lease upon such terms as the court may order and direct, of the following described real estate belonging to the estate of said wards, to-wit: Being 100 acres of land out of Section (81), Block (14), of the H. & T. C. Ry. Co. Surveys in Wilbarger County, Texas, and described by metes and bounds as follows: Beginning at a point in the North boundary line in said Section 81, 1760.72 feet East of the Northwest corner of said section; Thence N. 72 E. 1760.73 feet to a borehole stake for the N. E. Corner of this tract; Thence S. 18 W. 2476.17 feet to a borehole stake for the S. E. Corner of this tract; Thence S. 72 W. 1760.73 feet to a borehole stake for the S. W. Corner of this tract and the S. E. Corner of Lot No. 1, Allotted to Mrs. Mollie T. Barcus; Thence N. 18 W. 2476.17 feet to the place of beginning. Said application will be heard by the County Judge at the Court House in the City of Vernon, Texas, on the 12th day of November, A. D. 1924.

GORDA MAY MCCRARY,

Guardian of the Estate of John Lee McCrary and Tom Dodson McCrary, S7-2c

STATE LIBRARIAN VISITS COUNTY LIBRARY FRIDAY

Miss Elizabeth West, state librarian spent a few hours here Friday as a guest of Miss Lillian Newton, librarian. She is touring the state inspecting the county libraries and went from here to Dalhart. She stated that she was very much pleased with the library under the management of Miss Newton. Miss West is one of the most prominent women of the state. She is president of the Southwestern Library Association which includes Old Mexico and six states.

Just received new millinery at Naylor's, opposite Postoffice. Itc

A. & M. PUBLISHES BULLETIN ON RIO GRANDE VALLEY

Information pertaining to the lower Rio Grande Valley as an agricultural region which may be of value to prospective settlers in that section has been published in bulletin form by the Agricultural Experiment Station of the A. & M. College and is now ready for free distribution. The information is thorough regarding general topography, soils, climatic conditions, irrigation and drainage, and general crop adaptation. The question of comparative cold periods in the valley with those in California and Florida is definitely settled for all interested by the quotation in this bulletin by a comparison of the days with those of the same low temperature in the citrus areas of the other two citrus growing states. The pamphlet is a digest of the data collected by the Experiment Station recently in deciding on the establishment of a citrus experiment station in the lower valley.

Fire Prevention.

This article was written by Freda Williams of the local high school:

Tom and Billy, two small boys, were playing one day in an old barn which was on the lot next to Tom's home. They had made a swing in the loft of the barn, and were jumping from the swing to a pile of hay that had been thrown into one corner.

When Tom had tired of this, he suggested that they play camping, and cook in the old barn. Billy thought this would be great fun, so they began getting sticks and hay together for the fire.

"Bill," said Tom, when every thing was ready, "You go get some matches, while I get some water."

"All right," answered Billy, starting for the matches.

Tom returned with the water and Bill with the matches, just as Mr. Brown was passing.

"Hello, Mr. Brown," called Tom, "come up and watch us cook supper in the old barn."

"Cook supper in the old barn?" asked Mr. Brown in an amazed voice, surprised that such small boys would be allowed to have matches.

"Sure," answered the boys.

Mr. Brown then called them to him and gave them a lecture about fire. He told them of homes that had been burned, and of little children, like themselves, that had been left without anything at all, how many homes had been without insurance and that three-fourths of the fires had been started by thoughtless children.

"Now, boys," he said, "go home and get supper, for you might start a fire in the old barn."

Tom and Billy stood there a minute or two and then decided that it would be better to eat supper at

'AUNT SAVES CHILD'S LIFE WITH BLOOD

MRS. T. G. KELLY, (Below) T. G. KELLY and MEREDITH WATERBURY.

T. G. Kelly, pioneer business man of San Bernardino, Cal., was found dead, his wife delirious and their little niece, Meredith Waterbury, of Los Angeles, nearly unconscious, when the curtain of mystery that shrouded their disappearance in the San Bernardino Mountains was raised. Their automobile had backed over a 500-foot cliff near Oak Flat and deep foliage hid the wreckage from searchers. Mrs. Kelly, shown holding her niece when the latter was a baby, had saved the child's life by opening her own veins five times to give her life blood to the child to drink.

home than to make a fire in the barn.

"For," said Billy, "the barn might catch fire, and we would be the ones who started it."

Pie Supper at Harrold.

The ladies at Harrold will give a pie supper Friday night at the gymnasium, at which all sorts of pies and candies will be sold. Everybody come and have a good time. The proceeds will be used to repair and improve the Methodist church building.

Widow of the late president, Warren G. Harding, who has been seriously ill for some time, and submitted to a minor operation Friday for kidney trouble.

Steel shelving for every storage need

Art Metal Steel Shelving is adaptable to every storage need from stationery to heavy castings or automobile tires. It is STOCK SHELVING composed of standardized unit parts. Optional reinforcements afford several degrees of weight-carrying capacity.

You may have open stacks or shelving with backs and sides; bins and partitions in great variety—even cupboards are provided for.

It saves space because built compactly of steel. It saves money because in addition to low first cost it never wears out and can be moved, added to or taken down and rearranged without loss of a single bolt.

Phone or write for the interesting booklet on Art Metal Steel Shelving
